"While every country through different organizations tries to promote its own products to increase exports, buyers need to find products from suppliers in all countries aggregated into one central platform to enable them to view, compare, and purchase the most competitive products."

We at 1Point Commerce achieve this by being a disruptor and a game-changer of international trade.

We make global commerce local, and make local companies global so that our members, especially SMEs, of manufacturers, service providers, and traders become actively involved in the global digital economy to buy, sell, and grow.

Trade Smarter. Go Global.

THE NETWORK

A community of trade professionals communicating in English as well as the local language, scaling up and simplifying global commerce.

REPRESENTATIVES

Representatives share a social responsibility to elevate their local communities through trade, make local companies global, boost sales and exports, and increase employment.

- ✓ Support members with their trade deal needs.
- ✓ Assist local companies in using the platform to its fullest potential.
- ✓ Your global reach into local markets.

ASSOCIATES

Associates provide services that enable our member companies to complete trade deals & expand into the associates' local markets at minimal cost and risk.

TRADERS

Our international traders are sector-specific industry experts, finding you the best products at the best price from markets around the world. Together, they form the International Traders Network (ITN).

- ✓ Save time by sourcing products demanded by local buyers at the best price
- ✓ Work with our Representatives to assist members who are new to the online market
- ✓ The ITN continuously works to help businesses grow globally
